

# COMING ATTRACTIONS

## PACIFIC NORTHWEST 'FUN FILLED EVENT'

**September 11-12-13 - 2019 McMinnville, OR**

**Jim Wyfells, Regional Club Director**, sends these tentative plans for the Annual Pacific Northwest gathering of TC America members and their TC's. **\*\*Note to attend even if your TC has other plans or is just not up to making the trip, you will be missing a great time if you don't!** Renew old friendships, or establish them for you newer members.

Notices will be sent to those within this large region, and if traveling and you would like to join in the fun do contact **James Wyfells** or **Ande Glaese** (Contact info on the back page under Regional Club Directors) More and final plans will be in the September newsletter.

Plans are for the meet to begin in McMinnville where the group will be staying (hotel accommodation information will be sent when the final arrangements have been completed)

**Day One:** Travel to nearby Mt. Angel for their Oktoberfest, perhaps a visit after, to Spirit Mountain Casino for anyone so inclined to do so.

**Day Two:** A short day trip to Yamhill and the Historic Site of Old Fort Yamhill. For anyone not familiar with this part of Oregon History, do check out Yamhill, Oregon on the Internet, you will then make the trip to this event for sure.

For those who missed this 'party' in McMinnville two years ago, or perhaps didn't get enough of The Evergreen Air Museum included in the program then, this is a great option to include that in the itinerary.

- **10:30 AM:** Repairing/replacing top pull down part for our convertible tops. Larry Houle is an expert on how to repair/replace this unit and will demonstrate on one of our cars how to do this. He will also be selling this part should any of you need one for your car. This is the most common problem with our TC's

- **1:00 PM:** Teves brake system repair, replacement parts availability. Joe Russo will be explaining the system, how it works and the importance of regular brake fluid changes and replacing the accumulator.
- **2:00 PM:** Instrument cluster issues. Homer Jennings will show how to repair/ maintain the typical breakdown of common parts failures. Homer also has a ton of parts for our TC's so be sure to get his contact info. I'm sure he will be bringing some of those common parts we can all use to our gathering.
- **3:00 PM:** Answer your questions. Gary Zarwell and I will answer the questions you have submitted to me about your car such as leather maintenance, top issues, gas lever replacement, etc.
- **4:00 PM:** Sell/trade your TC parts. Here's a chance to either sell your car or parts or swap them for something you need.
- **4:45-5:00 PM:** Wrap up and plans for next event. What do you want to see and cover at the next TC gathering?

## 2019 TC AMERICA REGIONAL MEET

**Bob French, Regional Club Director**

Planning in progress, so for now please keep both **November 8-10** and **November 15-17** available for the **Florida TC America meet**. Motel and Restaurant contacts have not been finalized but these are the dates I am striving for. It will be held in the **Cocoa, Florida area**.

Our 'Special Speaker' will be none other than our own **TCA Charter Member #777, Patrick M. Copley**. Patrick was with Chrysler in Italy at the time the TC's were in their development and production stages. He has interesting and informative things to share with us.

As I obtain more information there will be notices via email to those members I have on my Regional List. Past Florida Regional attendees are all on that mailing list. Anyone new or simply interested in more information about this event please contact me. It will be published in the September TC America newsletter with all updates and contact numbers.
